Creating IDCM Account

- 3 After completing all the registration process, you need to set up a 6-digit PIN code to log in.

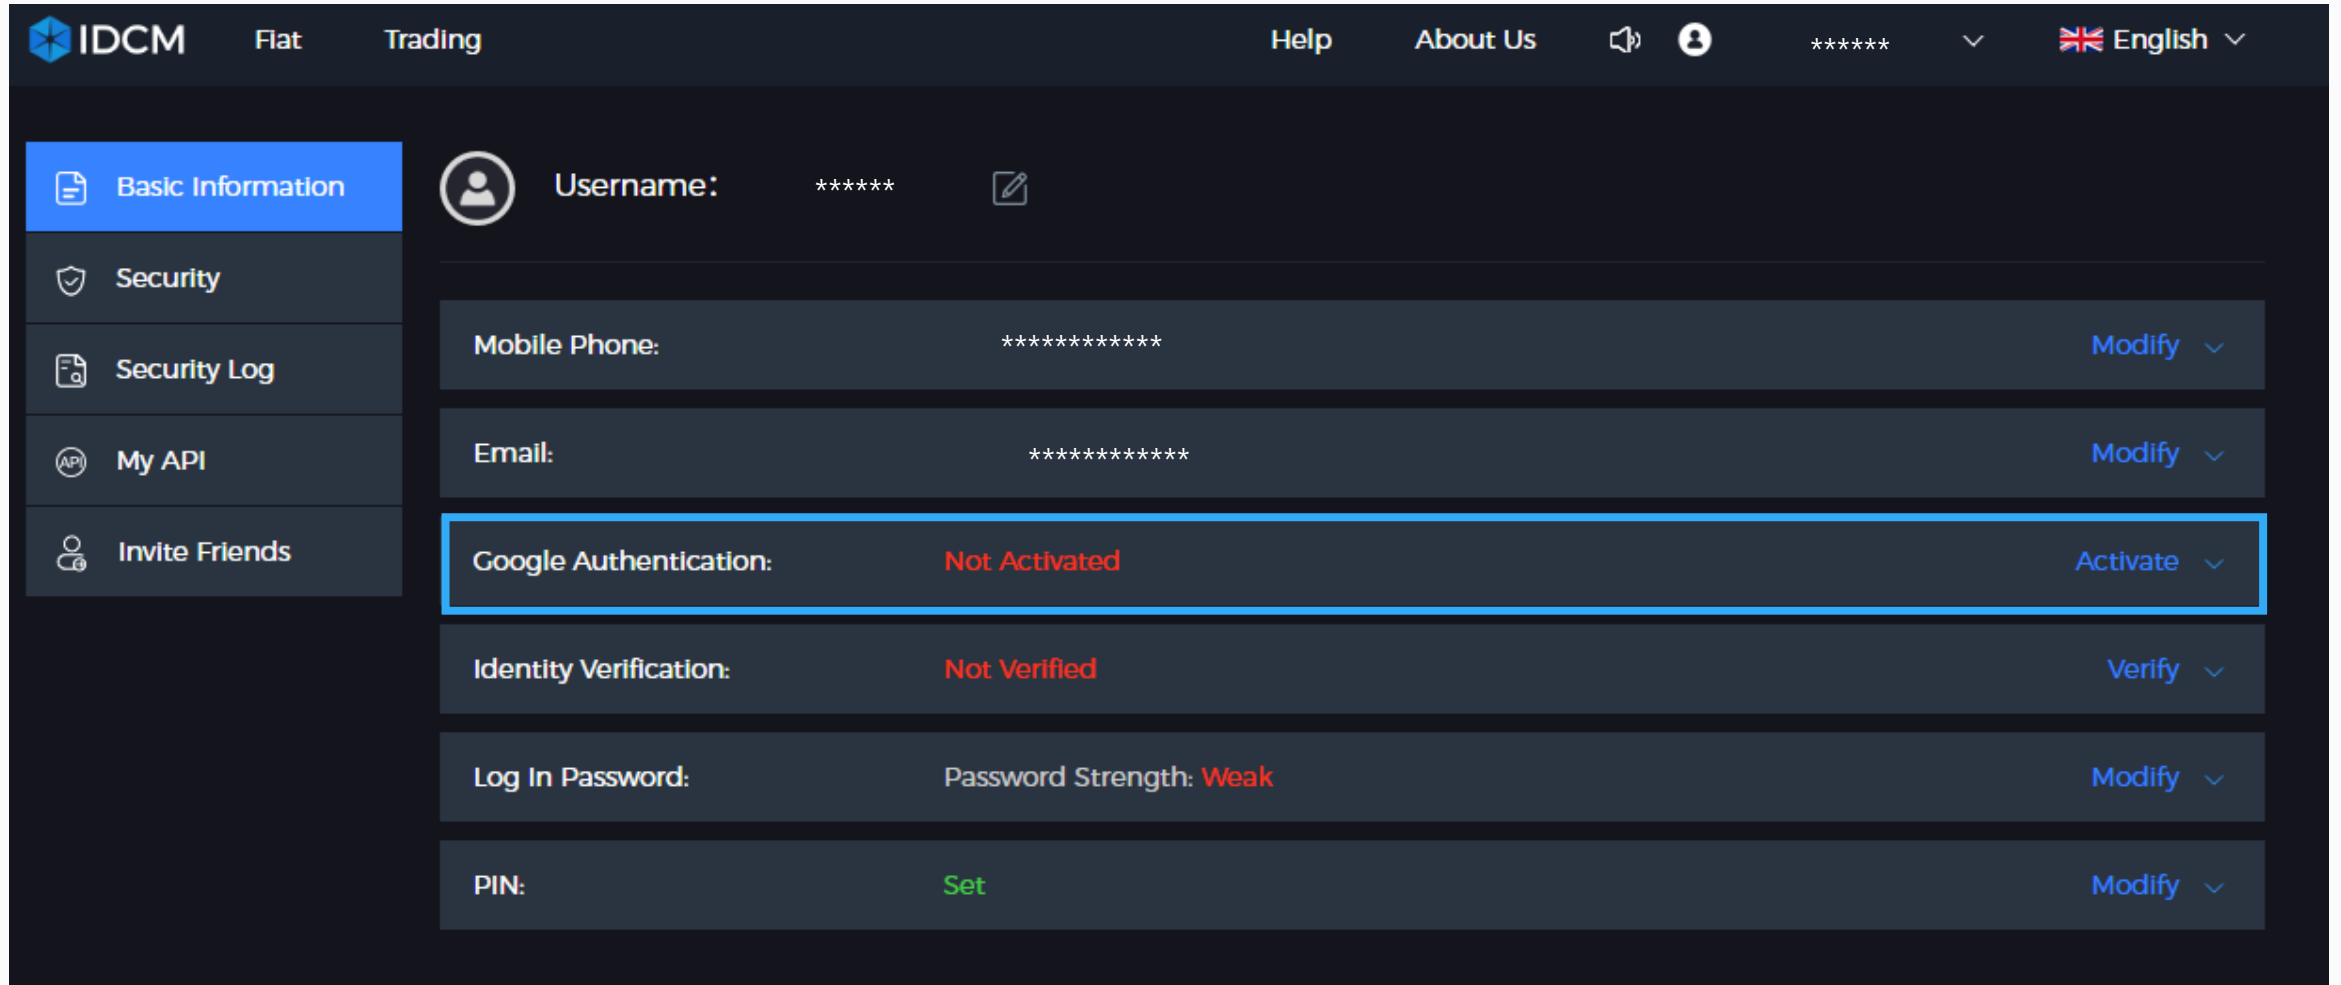

Personal Verification

- 1 After you log in to IDCM using your ID and PIN Code, please click you account number on the top right and click 'Account' again.

The screenshot displays the IDCM website interface. At the top left, the IDCM logo is followed by 'Flat' and 'Trading'. On the right side of the top navigation bar, there are links for 'Help', 'About Us', a speaker icon, a user profile icon with a dropdown arrow, a masked account number '*****', and a language selector for 'English'. The user profile dropdown menu is open, showing three options: 'Account' (with a shield icon), 'Assets' (with a pie chart icon), and 'Log Out' (with a door icon). The main content area features the text 'International Digital Currency Markets' and 'Experience the future of digital currency trading today'. Below this, there are four promotional banners: 1) 'PARTICIPATE IN OUR 3 ACTIVITIES FOR NPW REWARDS' dated 2018/08/20/14:00; 2) 'IDCM is Offering Double Referral Rewards' with a '30%' graphic; 3) 'Trade ETU to Win a Limited Edition Sports Car' with a date range from August 15, 2018, to September 1, 2018; and 4) 'BKBT Massive Listing on IDCM' dated 2018/08/17/14:00. At the bottom left, there is a notification for the 'Double Referral Rewards' event, and at the bottom right, there is a 'More >>' link.

Google Authenticator

- 2 On Basic Information column, go to 'Google Authentication' and click Activate.

The screenshot displays the IDCM user profile page. The top navigation bar includes the IDCM logo, 'Flat Trading', 'Help', 'About Us', a notification bell, a profile icon, a masked email address '*****', and a language dropdown set to 'English'. The left sidebar contains menu items: 'Basic Information' (highlighted), 'Security', 'Security Log', 'My API', and 'Invite Friends'. The main content area shows the user's profile details:

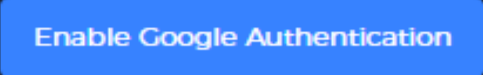

- Username:** ***** (with an edit icon)
- Mobile Phone:** ***** (with a 'Modify' dropdown)
- Email:** ***** (with a 'Modify' dropdown)
- Google Authentication:** Not Activated (with an 'Activate' dropdown, highlighted by a red box)
- Identity Verification:** Not Verified (with a 'Verify' dropdown)
- Log In Password:** Password Strength: Weak (with a 'Modify' dropdown)
- PIN:** Set (with a 'Modify' dropdown)

Google Authenticator

- 3 Download the 'Google Authenticator App' and
- 4 Scan the QR Code in Google Authenticator or manually type the Encryption Key.

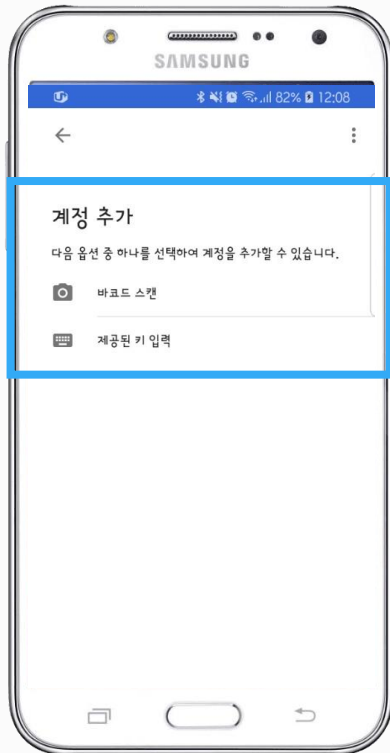

Google Authentication: **Not Activated** Activate ^

Installation Instructions:

- 1 Download the Google Authenticator App.
iOS users search for 'Google Authenticator' in the Apple store and download.
Android users search for 'Google Authenticator' in the Google Play store and download.
 
- 2 Use Google Authenticator to add the key below.
Scan the QR code in Google Authenticator or manually enter the encryption key.
Please ensure the encryption key is securely stored as it is used to manually retrieve your Google Authentication code if your mobile is ever lost or replaced.

Personal Verification (Identity Verification)

- 1 Under 'Basic Information' section, Please click 'Identity Verification'

The screenshot displays a user profile page with a dark theme. On the left is a vertical navigation menu with five items: 'Basic Information' (highlighted in blue), 'Security', 'Security Log', 'My API', and 'Invite Friends'. The main content area shows the user's profile information and several verification settings. At the top, the username 'IDCM20343942' is displayed next to a profile icon and an edit icon. Below this are rows for 'Mobile Phone', 'Email', 'Google Authentication', 'Identity Verification', 'Log In Password', and 'PIN'. The 'Identity Verification' row is highlighted with a blue border and shows a status of 'Not Verified' in red text. Other rows show statuses like 'Activated' in green, 'Weak' in red, and 'Set' in green. Each row has a corresponding action button (Modify, Disable, or Verify) with a dropdown arrow.

Basic Information	Username: IDCM20343942

Sending coins

- 3 Check the pop-up notice and click confirm.

The screenshot shows the IDCM trading interface. At the top, there is a navigation bar with the IDCM logo, 'Flat' and 'Trading' tabs, and links for 'Help', 'About Us', a notification bell, a user profile icon, and account information 'IDCM *****'. A language dropdown is set to 'English'. On the left, a sidebar menu includes 'Asset View', 'Financial Log', 'Withdrawal Mgmt', 'Bank Account Mgmt', and 'Third Party Payment'. The main area displays a table of currencies with columns for 'Currency', 'Available', 'Locked', and 'Action'. A modal window titled 'Important Reminder' is overlaid on the table, containing a warning message and an 'OK' button.

Currency	Available	Locked	Action
USDT Tether USD		(0.00)	Deposit Withdraw
VHKD Virtual HKD		(0.00)	Deposit Withdraw
BTC Bitcoin		(0.0000)	Deposit Withdraw
ETH Ethereum		(0.000)	Deposit Withdraw
BCH Bitcoin Cash		(0.000)	Deposit Withdraw
LTC Litecoin		(0.00)	Deposit Withdraw
BAT Basic Attention Token	0.00	(0.00)	Deposit Withdraw
BKBT BKBT	0.00	(0.00)	Deposit Withdraw

Important Reminder

This address only accepts SOOMCOIN. Any unsupported coins sent here will be lost and cannot be recovered.

OK

Do not remind me again

example

Sending coins

- 4 Copy an address and enter it in the wallet or use a QR code to send coins. Transaction details are available under transaction log.

The screenshot shows the IDCM wallet interface. A modal window titled "SOOM Deposit" is open, displaying the address "19BfSM" and a QR code. A "Copy" button is next to the address. Below the QR code, there is a "NOTE:" section with the following text:

- This address only accepts Bitcoin Cash. Any unsupported coins sent here will be lost.
- You may begin trading on the platform after your coins receive 10 confirmations and may withdraw after 10 confirmations.
- **Minimum deposit amount: 0.1 BCH. Deposits less than this amount will not be credited and cannot be refunded.**

The background shows a table of assets with columns for Currency, Available, Locked, and Action. The table lists various cryptocurrencies like USDT, VET, BTC, ETH, BCH, LTC, BAT, and BKBT.

example

 After the deposit, you will need a network node confirmation. Deposit will be successful after the first confirmation / Transactions will be available after the third confirmation

Withdrawal

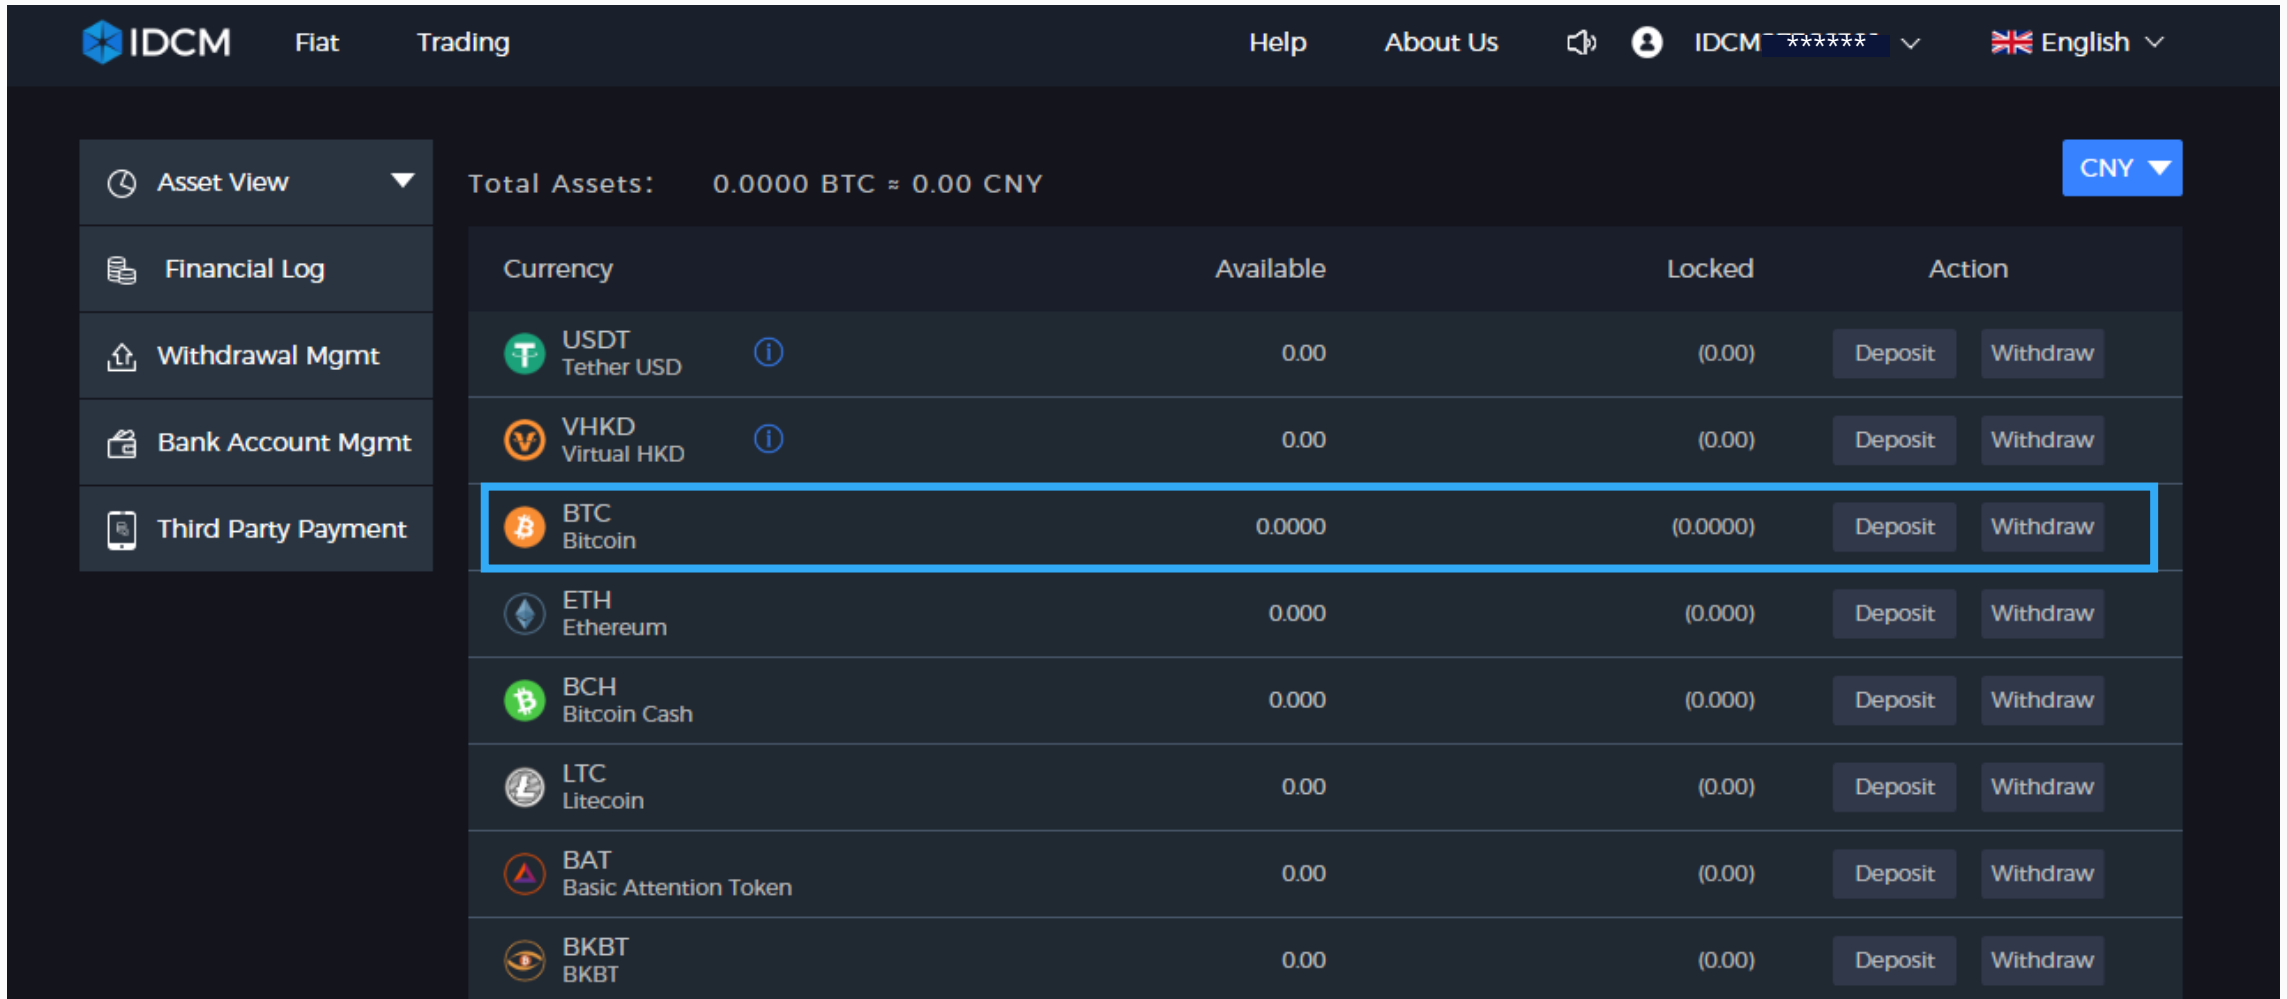

- 1 Log in to IDCM website and click [User Name] > [Assets] on the top right.

The screenshot displays the IDCM website interface. At the top left, the IDCM logo is visible alongside the text 'Flat Trading'. In the top right corner, there are links for 'Help' and 'About Us', a speaker icon, a user profile icon with a dropdown menu, and a language selector set to 'English'. The dropdown menu is open, showing three options: 'Account', 'Assets', and 'Log Out'. The 'Assets' option is highlighted with a blue border. Below the navigation bar, the main heading reads 'International Digital Currency Markets' with the tagline 'Experience the future of digital currency trading today'. The page features four promotional banners: 'PARTICIPATE IN OUR 3 ACTIVITIES FOR NPW REWARDS' (dated 2018/08/20), 'IDCM is Offering Double Referral Rewards' (with a 30% graphic), 'Trade ETU to Win a Limited Edition Sports Car' (dated August 16, 2018), and 'BKBT Massive Listing on IDCM' (dated 2018/08/17). At the bottom left, there is a notification for the referral rewards event, and at the bottom right, a 'More >>' link.

example

Withdrawal

2 On your assets page, click [Withdrawal] on BTC column.

The screenshot shows the IDCM user interface. At the top, there is a navigation bar with the IDCM logo, 'Flat Trading', and links for 'Help', 'About Us', a notification bell, a user profile, and account details 'IDCM *****'. A language dropdown is set to 'English'. On the left, a sidebar menu includes 'Asset View', 'Financial Log', 'Withdrawal Mgmt', 'Bank Account Mgmt', and 'Third Party Payment'. The main content area displays 'Total Assets: 0.0000 BTC ≈ 0.00 CNY' and a table of assets. The table has columns for 'Currency', 'Available', 'Locked', and 'Action'. The 'BTC Bitcoin' row is highlighted with a blue border. A 'CNY' dropdown is visible in the top right of the table area.

Currency	Available	Locked	Action
USDT Tether USD	0.00	(0.00)	Deposit Withdraw
VHKD Virtual HKD	0.00	(0.00)	Deposit Withdraw
BTC Bitcoin	0.0000	(0.0000)	Deposit Withdraw
ETH Ethereum	0.000	(0.000)	Deposit Withdraw
BCH Bitcoin Cash	0.000	(0.000)	Deposit Withdraw
LTC Litecoin	0.00	(0.00)	Deposit Withdraw
BAT Basic Attention Token	0.00	(0.00)	Deposit Withdraw
BKBT BKBT	0.00	(0.00)	Deposit Withdraw

example

Withdrawal

- 3 Enter an address and quantity of coins (System will automatically calculate commission and total amount of coins). Click withdrawal on the below.

The screenshot shows the IDCM trading platform interface. At the top, there's a navigation bar with 'IDCM', 'Flat', 'Trading', 'Help', 'About Us', a notification bell, a user profile icon, and account details 'IDCM *****'. A language dropdown is set to 'English'. On the left, a sidebar menu includes 'Asset View', 'Financial Log', 'Withdrawal Mgmt', 'Bank Account Mgmt', and 'Third Party Payment'. The main area displays a table of currencies with columns for 'Currency', 'Available', 'Locked', and 'Action'. A modal window titled 'BTC Withdraw' is open, containing the following fields and text:

- Withdrawal Address:
- Amount Available: 0.0000
- Enter Amount: BTC
